

2018 Ingeokring Autumn Symposium

On behalf of the Ingeokring Board and TU Delft, we are pleased to announce the 2018 Ingeokring Autumn Symposium.

A tribute to Peter Verhoef: Engineering Geology as an eye-opener for Civil Engineering

Date: **Friday 23 November 2018** from **13:00h to 18:00h**

Location: Building 26, Van der Burghweg 1 in Delft

Peter Verhoef has retired from his work at Royal Boskalis Westminster NV in June of this year. It has been his pleasure to invite a group of speakers consisting of experienced engineering geologists with whom he has worked throughout his fruitful career. They will provide an interesting illustration of the invaluable incorporation of engineering geological expertise in various projects around the world. Please see the detailed programme at the verso of this page.

Please feel free to forward this announcement to anyone who might be interested in participating at the symposium. The attendance is free of charge. Please send an e-mail to ingeokring@hotmail.com if you wish to join the event. Looking forward to seeing you at the symposium!

More information about the Ingeokring excursions, the Newsletter, best thesis award, Price's prize and membership can be found at www.ingeokring.nl

2018 Ingeokring Autumn Symposium

A tribute to Peter Verhoef: Engineering Geology as an eye-opener for Civil Engineering

13:00	Opening and ALV	Robrecht Schmitz, Chairman of the Ingeokring
13:30	Effect of high hyperbaric pressure on rock cutting process	Mario Alvarez Grima MTI Holland BV
14:00	Offshore geotechnical site investigations for the Fehmarnbelt Fixed Link Project	Erik Schoute & Jordy Mollé Fugro
14:30	The enigma's in the current practice of geotechnical modelling	François Matthijssen Royal Boskalis Westminster NV
15:00	Coffee break	
15:30	Dewatering design and engineering for a near-shore deep excavation – Case study of Duqm Port, Oman	Buu-Long Nguyen Royal Boskalis Westminster NV
16:00	Ground improvement – from an engineering geological perspective	Jeroen Dijkstra Cofra BV
16:30	Ground investigation and armour rock supply for the Material Offloading Facility on Barrow Island	Peter Verhoef & Robert Vuurens Royal Boskalis Westminster NV / Fluor Corporation
17:00	Closure	Milcar Vijlbrief, Secretary of the Ingeokring
17:10	Drinks till 18:00
